Repairs to the Railway shed at Tumkur

Serial No.

Letter no B2-C. 821/46-47 dt 27. 9. 1946 from the Director of Food Supplies requesting sanction for incurring an expenditure of Rs 2250/- on account of certain repairs to the Railway goods shed at Tumkur.

1) The D.F.S has reported that large stocks of foodgrains which are being despatched to the Tumkur district have to be stored in the Railway goods shed Tumkur for some time before they are despatched to the interior parts of the District. The Goodshed at Tumkur is stated to require urgent repairs so as to suit the above purpose and the Railway authorities have stated that it is not possible for them to undertake this work.

2) In the Circumstances the D.F.S has sent an estimate (for Rs. 2250/-) and also a plan duly scrutinised by the Executive Engineer, Tumkur

No.B2.C.821/46-47.

Returned with compliments.

1) The present shed has stone paving and it is not necessary to replace it with concrete flooring. A small area can be cement concreted and plastered so that it could be used for measuring purposes and this can be met from the general savings in the estimate. There is no need to revise the estimate. The General Manager has intimated that the Railway Department agreed to the lease of the shed temporarily and it has to be handed over to the Railway and the cost has also to be met from the Food Supplies Department.

2) The remark that the building will come in handy later on even if the Railway do not require was made to imply that the building may be rented out or otherwise disposed of as it is near the Railway Station. But as the Railway Department has stated that it is only a lease, there is no question of the Railway not wanting the structure.

3) The proposal for repairs may be kindly approved."

Director of Food Supplies
in Mysore, Bangalore.

To

K. SRINIVASAN, ESQ., B.Sc.,
Secretary to Government,
Food Department,
BANGALORE.

SIR,

Subject :- Repairs to flooring of the Railway Goods-Shed at Tumkur.

I have the honour to state that it is reported by the Deputy Commissioner, Tumkur, that the flooring of the Railway Goods Shed at Tumkur, has been very much damaged and requires urgent repairs. Large stocks of food grains are being despatched to Tumkur District and have to be stored in the Goods-Shed for some time before being despatched to the interior parts of the District. The General Manager, Mysore State Railway, was requested to make necessary repairs immediately. He stated that the repairs might be carried out at the cost of the Food Department since it was not possible for the Railway Department to under-take this work.

2. Accordingly, I requested the Deputy Commissioner, Tumkur, to send an estimate for the above repairs. The Deputy Commissioner has sent an estimate for Rs.2,250/- duly scrutinized by the Executive Engineer, Tumkur District. It provides for enclosing a portion of the open stores shed for being used as stores for keeping the grains received by train every day. Out of the present open shed of 100 feet length, a portion of 7 feet length has been set apart for keeping the weigh bridge of the gods shed and the remaining 77 feet by 22½ feet is proposed to be enclosed with brick in mud walls1.1/8' thick to the existing roof level. Two doo and two windows on each side with two more windows in the outer gabl wall have been proposed for ventilation. These alterations are necess

are necessary for the proper storage and safety of valuable stock of food grains.

3. I request you to kindly obtain the very early sanction of Government for incurring an expenditure of Rs.2,250/- in this behalf. The estimate and the plan have been enclosed for reference and return. Although in view of urgency, the work is proposed to be got done in this Department, The charges will have to be ultimately transfered to the Railways.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Food Supplies.

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Food Department, Bangalore.

Sir,

Repairs to flooring of the Railway Goods Shed at Tumkur.

With reference to letter No.B2-C.821/46-47 dated 27th Sept. 1946 from the Director of Food Supplies to your address, I have the honour to state that at the special request of the Deputy Commissioner, Tumkur District, Tumkur, the Railway Administration agreed to the lease of a portion of the goods sheds at Tumkur and Tiptur for storage of food grains received in large quantities during the Season. The Deputy Commissioner, Tumkur, was also authorised to have the necessary repairs done at the cost of the Food Supplies Department to which the Director of Food Supplies agreed vide copy of his letter dated 5-8-1946 enclosed.

The repairs seem to have been got done through the Executive Engineer, Tumkur Division (P.W.Dept), as the Railway Engineering Department could not readily attend to them.

In the letter of the Director of Food Supplies referred to above, it is proposed that the charges are ultimately to be transferred to Railways. This was never the intention of the Railway. The permission given to the Food Supply Department for storage of grains in a portion of the goods shed is itself a great concession and the Railway Department should not be debited of the charges incurred for affording facilities for storage of grains etc., of the Food Department.

In view of the foregoing circumstances, I request that Government may be pleased to order the repair charges being borne by the Food Department alone.

I have the honour to be, sir,
Your most obedient servant,

Ag.General Manager.

Letter No.B2.C. 821/46-7 dated 5th August 1946 from the Director of Food Supplies in Mysore, Bangalore, to the General Manager, Mysore State Railway, Mysore.

Repairs to flooring of Railway Goods Shed at Tumkur and Tiptur Railway Stations.

I have the honour to state that it is intimated by the Deputy Commissioner, Tumkur that the flooring to the Goods Shed at Tumkur and Tiptur Stations has been damaged and therefore requires immediate repairs. Tumkur District being one of the acute deficit Districts in the State considerable quantities of food grains are being imported to the above Stations and it is very necessary that these food grains bags will have to be preserved in a portion of the Goods Shed for some days before being despatched to the Taluks. I request you to allow such temporary storage.

It is stated that urgent repairs to flooring etc., are needed to protect the bags that are to be stored.

I therefore request you kindly to arrange early through the Public Works Branch of your Department for necessary repairs. This Department is agreeable to bear the necessary repair charges, in case your Department cannot.

Favour of an early compliance is requested.
